## The Prophets, Part 2

### TODAY'S VERSE:

**Malachi 4:2a** *"But for you who fear my name, the sun of righteousness shall rise with healing in its wings."*

This month we will finish up the Prophetic Section, as well as the Old Testament, with our review of the minor prophets. Remember, they are referred to as the "minor" prophets because of their length, not because they were less important!

### Hosea

- Continued warnings for Israel to stop worshipping other gods and also what would happen if they continued.
- God had Hosea marry a woman who kept running off with other men. This was to paint the picture of how God's people kept "running off" and worshipping other gods.

### Joel

- Focused on how repentance could repair the broken relationship Israel had with God due to their sin.

### Amos

- Warnings about the punishment and destruction that would happen to the people if they continued in their rebellion against God.

### Obadiah

- Describes God's judgment against the Edomites (descendants of Esau) due to their poor treatment of the Jews when they were entering the Promised Land.
- Also contains prophecies about the return of God's people to Jerusalem.

## WHAT'S NEW?

God's mercy is new every morning (**Lamentations 3:22-23**). He always gives His people opportunities to repent before disciplining them.
